

Option A: Google Calendar (Computer or Mobile Web)

Note: You must add the link using a web browser. Once added, it will automatically sync to your Google Calendar phone app.

1. Open **Google Calendar** (google.com) in your web browser.
2. Look at the left-hand sidebar and find the **Other calendars** section.
3. Click the **+** (**Plus**) icon next to Other calendars, then select **From URL**.
4. **Paste (Ctrl+V or Cmd+V)** your copied link into the URL field.
5. Click **Add calendar**. Your band events will instantly populate on your screen.

Option B: Apple Calendar (iPhone or iPad)

1. Open the built-in **Settings** app on your Apple device.
2. Scroll down and tap **Apps**, then select **Calendar**.
3. Tap **Calendar Accounts** (or *Accounts* on older software), then tap **Add Account**.
4. Choose **Other** at the bottom of the list, then tap **Add Subscribed Calendar**.
5. **Paste** your copied link into the Server box and tap **Next**.
6. Turn off the *Username/Password* requirements if prompted, keep SSL turned on, and tap **Save**.

Option C: Apple Calendar (Mac Desktop)

1. Open the built-in **Calendar** app on your Mac.
2. Click the **File** menu at the very top of your screen, then select **New Calendar Subscription...**
3. **Paste** your copied link into the Calendar URL box.
4. Click **Subscribe**.
5. Change the *Auto-Refresh* setting from "Manually" to **Every Day** or **Every Week**, then click **OK**.
